

OUR BEST EVER ADVENTURE CAMP!

I've just spent the last half an hour looking through the photos and my cheeks hurt from smiling! There is so, so much joy and love in these pictures. There are no words to express my gratitude for what you wonderful carers and the incredible team from MDNSW do for our kids. It is beyond incredible. Thank you for building up Kieran's confidence and for helping him feel valued and capable. It means more than I can say.

I have a different girl at home now, more confident and content to know she is not alone in this battle. She has not stopped talking about all the fabulous carers since she came home; you all should be very proud of yourselves! Do we really have to wait until next year now?

The gift you give to our kids is truly life changing. We were aware that this camp would be bittersweet for our son as we knew it would be his last Adventure Camp, but with the help of the carers, he participated fully, loved his time away from home and came back filled with optimism and positive energy. A HUGE thank you to John who treated our son with dignity and respect and helped him feel comfortable with being cared for by someone other than family. Loretta, you create and nurture an incredible team, thank you.

On Monday, we farewelled a nervous little camper who finds new situations daunting, fears sharks and is not fond of sand. We welcomed back a very happy little camper with newfound confidence, someone who rode the dunes, played tootsies with sharks, kissed a ray and danced like no one was watching. And last night, he ousted me from the kitchen and insisted on cooking! Your care, love, dedication, warmth and humour is such an enriching gift to our kids.
