

## STRATEGIC PLAN 2023-2024

Our Mission is to empower, connect and support people with neuromuscular conditions, and be an effective advocate for the neuromuscular community.

### SUSTAINABILITY & OPERATIONAL EXCELLENCE

Build the capacity of operations for long-term sustainability under the NDIS and a covid positive environment.

- Structure MDNSW to deliver our mission long-term.
- Maintain contemporary IT systems
- Effectively support and utilise the volunteer workforce.
- Increase financial support.
- Maintain registration & adherence to NDIS quality standards.
- Collaborate and partner.
- Develop, retain, and share knowledge of neuromuscular conditions.

### CONNECTION

Facilitate connections for people with neuromuscular conditions, their families, and carers:  
– with each other, to their communities, to information, to the services and supports they choose

Deliver quality community focussed services, programs, and events that:

- connect people to each other.
- connect people to the information they need.

### INDEPENDENCE & CAPACITY BUILDING

Empower and support people affected by neuromuscular conditions to build their capacity and independence.

Deliver sustainable programs that are:

- FUN!!
- Accessible.
- Flexible.
- Capacity building.
- Encourage creativity and innovation.
- Educational.
- Encourage teamwork and making connections.
